From the desk of Founder President.....Ally Satish Lakhota

My Dear Alliance Members,

We are witnessing an unforeseen situation right now throughout the world. Whole world is facing challenge, we as a nation is not an exception. Covid-19 or Corona Virus is teaching us many basic things and forcing us to accept difficulties. Whole country is locked down just to avoid spreading this lethal virus. Only by avoiding mass gathering and staying home we can avoid this infection. So I request every Alliance family members to stay home, avoid any kind of direct contact and wash your hands often. We should have faith in us that by taking preventive measure we can win this tough situation. This is my advice that we should keep our underprivileged citizens in mind and can organize food or ration distribution for them, after securing all preventive measures. As you know all activities and offices are closed due to lock down, our head office is also closed. But our head office employees are working hard from home to publish magazine. So a big round of applause for them also. Praying to almighty for human kind. Be strong, Take safety measures & We will surely overcome this hurdle.

From the desk of Past International President.....Ally Kamal Lakhota

Dear Alliance Members,

Hope all are safe and secured and staying at home only. Friends, keep faith in you, one day this trying time will be ended and new Sun of hope will be risen. We may feel sad because we are forced to stay at home to avoid viral infection, but if you look at the other side, it is a wonderful time to spending quality time with family and doing all house chores together. Be happy, eat well and spend more time with nature. We should celebrate life always. Celebrate Allianism. Stay Safe.

BASIC PROTECTIVE MEASURES AGAINST THE NEW CORONAVIRUS

Stay aware of the latest information on the COVID-19 outbreak, available on the WHO website and through your national and local public health authority. Most people who become infected experience mild illness and recover, but it can be more severe for others. Take care of your health and protect others by doing the following:

1. Wash your hands frequently

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.

2. Maintain social distancing

Maintain at least 1 metre (3 feet) distance between yourself and anyone who is coughing or sneezing.

3. Avoid touching eyes, nose and mouth

Why? Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth. From there, the virus can enter your body and can make you sick.

4. Practice respiratory hygiene

Make sure you and the people around you follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately.

5. If you have fever, cough and difficulty of breathing, seek medical care early

Stay home if you feel unwell. If you have a fever, cough and difficulty of breathing, seek medical attention and call in advance. Follow the directions of your local health authority.

6. Stay informed and follow advice given by your healthcare provider

Stay informed on the latest developments about COVID-19. Follow advice given by your healthcare provider, national and local public health authority or your employer on how to protect yourself and others from COVID-19.

Founder President: Ally Satish Lakhotia's Special Message

HELLO ALLIANCE MEMBERS,

Hope you and your family members are safe and isolated.

We are all stuck in lockdown. This is the only way to defeat the CARONA VIRUS. Be positive and take proper care.

We are now in stage 3. This is most serious and and worst begins. Don't go outside for extra purchases. Think nothing is available. Don't allow visitors. Now infection possibilities are maximum. Your home and your family can only keep you safe.

So long many have been saying 'I HAVE NO TIME ' to spend with AGING PARENTS.....to play with kids.....,to read books....to think about own life, dreams, own passion.....to built relationship with God. NOW God has given gift of time. RESET YOUR LIFE FOR HAPPINESS.

Be active during this period, take care of yourself and maintain your health, muscle strength and flexibility. Do regular exercise, walk at your own place, Physical activity, Skipping Rope, Yoga and stay healthy at home. You will also reduce BOREDOM. Clean hands at regular intervals with soap. Stay in contact over phone with friends and relatives. Maintain social distance. Quarantine at home. Regular sleep and healthy food is a must. Better find positive ways to keep family happy. Do some activities to keep children and elders happy.

We all alliance club members pray for the peace around the world.

Stay safe at home.
