Dear Ally Members,

We are in the New Year and heading towards the close of another Allianistic Year. The months of February and March are very turbulent in our organization. All the districts choose their New Leaders who would be the torch bearers for the next year at all levels of leadership. This month is full of Administrative activities, conferences will take place in their respective areas may be by zoom or may be by Physical Attendance like dist. 105 recently organised. Depending upon the circumstances prevailing Please choose virtual or physical convention in your respective districts. I would like to congratulate all leaders and members of clubs in our organization for their hard work and continual support for development of our organization in this crucial period. The service activities taken up by the districts in East, North, South and West are very much appreciable. Administrative knowledge will also play vital role to all the leaders, hence again and again I appeal one should put focus on training programs at grass root level.

The New Strain of COVID-19 is spreading in advanced and scanner version. In this pandemic we may not take the downward trend of corona graph but we must continue to follow the medical protocols till it is completed or declared corona-free area to avoid any community transmission.

In this (COVID-19) pandemic, we may have to opt Alliance Clubs International Convention to be a virtual event that will be delivered totally online. This is my view point keeping in view of the health and safety of our Allies and their families in mind as we have to limit our travel and large gatherings. Thus we can adhere the containment strategies.

Although we are disappointed that we won't be able to host this event in person, we are excited about hosting our first virtual international convention that can safely connect our members from around the world. We are still finalizing the details of this new convention experience, and will share those with you as soon as they are made ready.

Go green, go clean and go fit

"Keep our Environment Clean and Save our Mother Earth".

Dear Leaders,

Greetings !!! " Success comes from self values & Peace "

Friends, to become a person of success, seek to become a person of value. Until you become valuable, you can never become successful. The more valuable you become, the more successful you become. On other hands your value always relates with your inner peace, so do not let the behavior of others destroy your inner peace. it doesn't matter how many resources you have, if you don't know how to use them wisely, they never enough. Your inner peace is within your control. You can control of your own self inner & outer, then you may achieve your inner peace, that mean your values & overcome to your success. Everyone have a leadership inside, the track needs to find that come out. Be a positive, successful personality, be a good leader.
