From the Desk of International President

Ally Manish Paul

Dear Ally Brothers & Sisters,

At very outset, SEASONAL GREETINGS TO ALL OF YOU.

I am extremely happy to note that celebration of Installation ceremony is going on in full swing through the country at club level as well as district level and I have privilege to attend most of them. I congratulate to all Club Presidents and District Governors together with their entire team for the year 2022-23. Further I am happy to note that one of the oldest clubs of first era of Alliance Clubs International namely DIYA reorganised themselves once again to illuminate our organization under the able leadership of Ally Satish Gupta and completed their installation on 26th May, 2022. A big round of applause for the members of Diya. I had opportunity to attend installation ceremony of District 108 at Sagar, Madhya Pradesh, West Multiple wherein Ally Dr. Shailendra Singh took oath as District Governor. I am very impressed to witness his goal and ambition for the year. I congratulate him and his entire team from core of my heart and wish every success of his tenure.

Dr. Singh introduced a unique activity i.e. MOBILE LIBRARY comprising of books out of regular school syllabus for development of general knowledge as well as Indian culture amongst the student of Sagar City. Really I am very pleased and happy to observe that our mission of the year "WE GROW TOGETHER" is climbing to a new height.

Each and every where, the efforts of extension and retention is going on whether it is at club level or district level. New members are joining in our organisation and old members are also reorganising themselves with full enthusiasm.

Multiples are also not in silent mode. East, West, North had already completed their First Meeting successfully and promised to organize required activities in association with the clubs and districts. South Multiple is also trying to restore its old glory.

North Multiple is publishing a News Letter at Multiple level, which is very much remarkable.

My dear friends, June is the month of correction of Environment as the Earth changes its hemisphere in this month. 5th June is the World Environment Day.

I request all the members of our organisation to plant at least ten saplings in this month.

We are witnessing the crucial role of environment in our daily life in the last few years.

Average temperature of our beloved earth is increasing day; we are suffering from newly incurable diseases; level of ground water as well as drinking water is getting low; agricultural fields are getting unfertile as well as dry.

In these circumstances, we must do something to increase the greenery of our environment which is the only solution.

Further we will try to change our habit also for protecting our environment from decay. We should reduce the use of plastic our daily life and we must not throw the plastic material here and there. It is another cause of environment pollution.

Being the members of a social service organisation, we are duty bound to put a foot mark for creating and/or regenerating a pollution free environment for ourselves. So that our next generation can breathe freely.

Once again wishing your happy safe and healthy upcoming days, I put my pen down for this month.

Looking forward to meet you all in the First International Board Meeting on 18th June, 2022 at Kolkata.

World Environment Day, 5 June

Dear Ally Members,

Our organization consists of many clubs at root level. Social service is not confined to isolated deeds and words of charity towards the disabled, helpless or the poverty stricken. Doctors can serve by attending to the ailing without being influenced by thoughts of pecuniary gains. Engineers and contractors can serve humanity by doing their jobs efficiently and diligently, without being clouded by greed. Businessmen can do social service if they pursue their work honestly as a vocation. Public servants will be of great service to humanity if the evils of corruption and aimless drift are rooted out and replaced with the seeds of the true spirit of service nurtured by good ethics and strong human

values. Politicians can serve by substituting integrity and patriotism for acts of self-preservation. So, for doing social service the only thing which is important is the strong will to do something for the betterment of the society.

I am proud to be a committed Ally Member.

From the desk of 1st International Vice President.....
